

Cover overview 2020

EUCARE Basic insurance Bewust Verzekerd

This overview shows the reimbursements of the EUCARE basic insurance Bewust Verzekerd. The following reimbursements apply per person per calendar year, unless otherwise stated. With the EUCARE basic insurance Bewust Verzekerd (in kind) the care must to be provided by a care provider with whom we have concluded an agreement. This means that we pay the costs directly to this healthcare provider. You can find the contracted healthcare providers at www.aevitae.com. Do you still want to go to a care provider who has not entered into a contract with us? Keep in mind that you probably have to pay part of the bill yourself. You can check the reimbursement amounts on www.aevitae.com or contact us.

With the basic insurance Bewust Verzekerd, the protection of life is paramount. Therefore, no interventions are reimbursed that end or change life drastically.

This reimbursement overview is intended to easily see what types of reimbursements are included in a particular policy. The overview gives a general description of the care to which you are entitled. No rights can be derived from this overview. The policy conditions may contain further terms and conditions relating to coverage.

For a complete overview, please read the policy conditions carefully. These are always final. Do you still have questions? Please call us at 088 - 35 35 763. We are happy to help you.
